

Master of Applied Linguistics and TESOL

The Master of Applied Linguistics and TESOL (Teaching English to Speakers of Other Languages) is a teaching qualification. It covers theoretical and methodological issues, with a particular focus on TESOL. Students develop their understanding of the complex relations between language use and context in educational and professional settings, and apply this understanding to the teaching and learning of languages. This degree is valued by major TESOL employers in Australia and internationally.

KEY FEATURES

- Allows the opportunity to study with one of the largest and most diverse Linguistics departments in Australia, which features four research centres
- Flexible study options allow study on-campus, online, or blended learning modes
- Provides an internationally relevant and highly regarded qualification

WHO SHOULD APPLY

- Experienced teachers wanting a recognised TESOL qualification and prospective teachers wishing to enter the field of TESOL.
- Anyone with a completed Bachelor degree and an interest in applied linguistics and English language teaching.

CAREER OPPORTUNITIES

Graduates will be able to teach in a variety of Australian and overseas English language teaching contexts, including:

- Adult Migrant English Program (AMEP)
- English Language Intensive Courses for Overseas Students (ELICOS)
- Overseas language colleges for young, adolescent and adult learners
- Overseas schools as teacher assistants (requirements will vary by country)
- In private companies as language tutors in English for Specific Purposes programs
